AUDITORS' REPORT

We hereby certify that we have examined the accounts of the Selectmen, Town Clerk, Tax Collector, Treasurer, Highway Commissioner, Municipal Court, Trustees of Trust Funds and Library Treasurer, and that we find them correctly cast, with proper vouchers for all disbursements.

We have examined the report of the Overseer of the Poor and find that payments made by him agree with the amount he received on orders from the selectmen, but in our opinion he should not include in his report the amount appropriated at the annual town meeting or any balances, as these are properly accounted for by the selectmen in their report.

The surety company bonds of the Town Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds were examined, also notes, and bank books with their respective balances.

E. R. KIBBE,

Auditors.

LIBRARIAN'S REPORT

The librarian of the Winchester Public Library herewith presents to the voters of the town of Winchester, her annual report.

During the past year 349 new books were added to our shelves by purchase or gift. The total circulation was 16,431; fiction 8,718, non-fiction 3,439, juvenile 2,173 and magazines 2,101.

As usual during the school year the library has been opened Tuesdays from 12:15 to 12:45 to accommodate the pupils who go on busses. The librarians have donated their time for this extra service.

In May the district meeting of the New Hampshire Library Association was held here. About 50 attended and enjoyed a fine program.

Respectfully submitted,

LOUISE L. JOHNSON,

Librarian.

WINCHESTER DISTRICT NURSING ASSOCIATION REPORT FOR 1941

I hereby submit the following annual report:

Visits made:

Prenatal.	106
Deliveries.	17
Newborn,	172
Postpartum,	166
Noncommunicable,	1,185
Communicable,	52

Health supervision:

Infant (under one year),	107
Pre-school (under six years),	22
School (sixteen years),	511
Adult,	222
Crippled children,	6
Social service,	5

Total number of visits made,	2,589
------------------------------	-------

Classifications, source of fees:

Number of full pay cases,	71
Number of part pay cases,	4
Number of insurance cases,	132
Number of free cases,	255

Total number,	461
---------------	-----

Number of patients taken to:

Hospital,	4
Orthopedic clinic, Dr. MacAusland,	4
T. B. clinic, Dr. Kerr,	6
Tonsil and adenoid clinic, Dr. Eades and Dr. Ford,	9
Eye clinic, Dr. Eades,	12

Dentist, Dr. Whittaker, Dr. King,	5
Total number of days on duty,	310
Total number of hour on duty,	2,287

This has been an unusually busy year, with a greater number of visits being made in the behalf of patients than last year.

The annual Pre-School Clinic was held in July, under the direction of Miss Lucile Marshall, state nurse. Forty children attended this clinic and were examined by either Dr. Fox or Dr. Mendelson. The results of these examinations were discussed with the respective parents by the physicians. Twenty-five children received diphtheria toxoid.

This last year, pasteurized milk was made available to the school children through funds raised by the District Nursing Association. This fall it was not felt that it was necessary to have free milk for needy children, but an average of 150 school children have been taking milk; this milk is delivered at the schools, high school and elementary, by Wheeler and Taylor Dairy in Keene, and the children may have chocolate, strawberry, or plain milk.

The Community Welfare Committee has continued to function this last year, providing clothing for many needy children and families.

I have attended several meetings during the past year for public health nurses, including a Vision Conference held in Concord this fall, which proved to be very helpful in examination of school children.

Miss Winifred Bonham, Red Cross field supervisor, visited here twice during the year and Miss Ion Torreus, her successor, visited this service in October.

Miss Priscilla Putnam, R. N., substituted during the month of August.

At this time, I wish to thank the townspeople and members of the association for their cooperation.

Respectfully submitted,

BARBARA L. GILMAN, R. N.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Winchester :

I have the honor to submit my fourth annual report.

Teachers: During the summer, the Winchester schools lost the services of five teachers, two at Thayer High School and three in the Center School. All of these teachers had served faithfully and efficiently over a period of years. The names of their successors appear in the reports of Headmaster Grupe and Principal Mason.

Under a plan of reorganization for the Center School, Mr. Norman Mason was appointed Principal of the building. Mr. Mason is a graduate of Keene Teachers College and Boston University. Details of the various aspects of his school administration are given in his annual report to the Superintendent.

The School Board elected Miss Evelyn L. Brinton of Keene to supervise music instruction for two days per week. Her work has been uniformly successful and inspiring. Projects completed as well as future plans are given in her report.

Buildings and Grounds: The major project during the summer was the replacement of the obsolete hot air furnaces in the Center School by a modern steam heating plant. The new system has proven satisfactory in all respects. The attic of this school was insulated, and it is hoped that an economy in the use of fuel has been brought about by these two changes.

During the fall, it was necessary to resort to the wells in the school yard and the Town Hall because of the failure of been made by the State Board of Health and the results were very satisfactory.

The grading of the lot in the rear of the school has been continued and when this is completed, some attention can be given to landscaping the grounds in the front of the building.

Instructional Activities: The policies of last year have been continued in emphasizing the importance of such funda-

mental subjects as penmanship, reading, arithmetic, and spelling. This year the stress has been put on spelling, and monthly administrative tests have revealed an increasing efficiency in this subject.

Schools in War Time: This country is at war and the schools must make many adaptations for complete, intelligent, and enthusiastic cooperation in the war effort. Our local school officials have given serious attention to some of the most important of these services, such as:

1. Protecting school children and property against attack by providing shelters against air raids and by providing adequate safeguards against fire.

2. Promoting health and physical efficiency of the school children by stressing systematic and vigorous follow-up work by the school nurse after the physical examinations by the doctor and by introducing a physical education program into the schools.

3. Conserving materials and eliminating all forms of waste in the use of school supplies such as books, paper, pencils, etc.

4. Stimulating the democratic way of living by teaching the ideas of democracy by word and deed in the various activities of the school.

In conclusion, I wish to express my appreciation to the teachers and pupils, to the School Board, and to the parents and patrons of our schools for their loyalty and cooperation.

Respectfully submitted,

CHARLES W. WALKER,

Superintendent of Schools.

HEADMASTER'S REPORT

I hereby submit to the Superintendent of Schools the annual report for Thayer High School.

Junior and Senior High enrollment:

Grades	Latin	Commerce	Dom. Arts	Agri.	M. T.	Totals
12	1	24	3	1	0	29
11	15	17	1	1	0	34
10	10	12	6	3	0	31
9	9	21	2	7	0	39
8	0	0	20	0	24	44
7	0	0	25	0	15	40
—	—	—	—	—	—	—
Totals	35	74	57	12	39	217

The total enrollment in the senior high this present year is 133, junior high 84, making a total of 217.

There were two changes in the high school faculty at the beginning of this year. Mr. Mandigo resigned to go into a business of his own, and Mr. Leon Charity, a graduate of New Hampshire University, took over the work in the Agricultural Department. Miss Clara Ross was secured to fill the vacancy caused by the resignation of Miss Williams. Miss Williams married during the summer. During the early winter, Miss Ross resigned, and Mr. Charity entered the services, so that changes were again necessary. Miss McKenna, a graduate of Lady of the Elms College and Massachusetts State College, and Mr. Mitchell of New Hampshire University were secured to fill the vacancies.

Miss Evelyn L. Brinton of Keene is giving instruction in music one day per week. A girls' chorus is making rapid progress, and an orchestra is being organized. This is in addition to the school band. The band attended the music festival last spring and won a favorable rating.

Eight of last year's class continued their formal education in institutions of higher learning, and the reports coming back are very favorable. The institutions entered are: New Hampshire University, Worcester School of Technology, Sargent School, and Northampton Business College. Many of our graduates are doing their full share in the service, and we may well be proud of the rapid progress many of them are making.

Precautionary measures both in material and drills against the threat of air raids have been well organized. Much work is being done by the school also in connection with the town of the high school building for classes.

A group of boys from the sixth grade are attending manual training classes two days each week.

The Future Farmer's Society of the department held its sixth annual F. F. A. Fair in October, with much interest and cooperation being shown by farmers, industry, and townspeople each year.

November first, ten boys participated in the annual state judging contest held at Durham. Ribbons were won in Livestock and Dairy.

Poultry will lead the list of supervised farming activities this spring. These supervised activities provide an opportunity for boys to put into use modern farming practices learned in the classroom, assume responsibility, and acquire a gradually increasing equity in farming.

Farm shop work, which is being emphasized more each year in Vocational Agriculture departments, is carried on with serious restriction due to the lack of essential equipment and floor space. The more important work of farm machinery repair, and construction jobs cannot even be considered.

The girls of the senior home economics class had charge of the arrangement of canned goods and fancy work at the F. F. A. Fair. With the assistance of members of other home economics classes, they ran the foods booth, clearing \$5.28. This money is to be used to add some needed article to the home economics laboratory. Work in the laboratory is being carried on under the handicap of using obsolete and insufficient equipment.

As a matter of record, there follows a copy of part of the commencement program presented by the Class of 1941 and the class roll.

REPORT OF THE PRINCIPAL OF THE CENTER SCHOOL

To the Superintendent of Schools:

I hereby submit my annual report.

The enrollment at the Center School on January 30, 1942, was 179, distributed as follows:

Grade 1	26	Grade 4	34
Grade 2	23	Grade 5	30
Grade 3	26	Grade 6	40

The school year opened with several changes in the staff. Miss Flora E. Edwards, a graduate of the Perry Kindergarten Normal School and the School of Education, Boston University, replaced Mrs. Ovilla Langdon. Miss Marie A. Sullivan, a graduate of Westfield State Teachers' College replaced Miss Anita Leighton. Norman W. Mason, a graduate of Keene Teachers' College and the School of Education, Boston University, took the place of Miss Mary Coll.

Early in the fall, men from the Manchester office of the American Automobile Association visited the school to install a Safety Patrol. This patrol has worked well in safeguarding the children from injury while crossing the street. It has been gratifying to notice how well the children and motorists have cooperated in making the work so successful. The patrol leaders have gained valuable experience in cooperation and leadership.

Music under the direction of Miss Evelyn L. Brinton began in September. In the fourth, fifth, and sixth grades music was carried on by Miss Marie Sullivan when Miss Brinton was not at the school. The work in music has been very worthwhile and it has aroused considerable enthusiasm among the teachers and children. Concrete evidence of the progress Miss Brinton has made was presented in the form of a operetta given in December.

A Physical Education program was instituted in the Fall. While the weather allowed both boys and girls went to the Community Center playing field twice a week for games and exercises. During the winter, each group went to the Town Hall once a week. When the weather permits in the spring, the visits to the Community Center playing fields will be resumed. The entire program has been planned to give the children wholesome fun while developing ideals of cooperation, fair play, and good sportmanship. When the grounds in the rear of the school are graded, the addition of two posts equipped with basket ball hoops would aid in the Physical Education program and in playground supervision .

Under the direction of Mr. Walker, a determined drive to improve the instruction in spelling has been made. After studying monthly tests given to find weaknesses, each teacher has cooperated in trying drills and devices to improve the spelling. It is apparent that the spelling in the school is improving.

The installation of a central heating system in the school has left considerable space in the basement. It would seem desirable to utilize this space in providing manual training for the boys. This year, five boys went twice a week to the high school for manual training. This work was very popular with the boys. Many others wished to go but could not because of the limited space at the high school. Evidently a program of manual training would be very popular and worthwhile. With a definite program of spending a small sum of money for tools and lumber each year an adequately equipped shop could soon be set up. Much of the work of building closets and benches could be done by the boys.

Respectfully submitted,

NORMAN W. MASON,

Principal, Center School.

February 2, 1942, Winchester, N. H.

REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

Music is taught daily in the first six grades in the schools of Winchester and Ashuelot by the teachers under the supervision of the music supervisor who calls each week to check the work covered and to make new assignments. The junior high has music each week with the supervisor. The high school has a girls glee club of thirty-eight members under the direction of the music supervisor.

The chief aim in teaching music in the public schools is to develop a lasting love for both instrumental and vocal music. In working toward this goal we try to develop the desire to sing, to teach the pupil how to sing, and to teach the pupil how to express his feeling through music, both vocal and instrumental.

We hope through this plan of study to arouse in the student a desire to hear good music, the ability to appreciate good music, acquiring an increasing skill as a singer and player of some instrument, and learning the use of singing and playing as a means of self-expression.

The junior high chorus and the girls' glee club have been given training in voice production, enunciation, expression, and interpretation.

The operetta "Rag Doll" presented by the grades in Winchester at Christmas, 1941, was most successful. It was most gratifying to have a full house for our show after the children had worked so very hard with their teachers and supervisor to put on the operetta.

The girls' glee club will present a concert on March 18, 1942. Here again it is hoped that there will be a full house. The club is planning to attend the New Hampshire Music Festival held at Claremont May 14-16, 1942. We hope to send four members to represent our school in the all-state chorus and

all of the members are to sing at the audition Saturday morning, May 16th. The proceeds from the concert will help towards the expenses of the trip to Claremont in May.

I wish to express my sincere appreciation to the Board of Education, to my Superintendent, Mr. Walker, to my headmaster, Mr. Grupe, to my principal, Mr. Mason, and to all teachers for their splendid cooperation accorded me.

Respectfully submitted,

EVELYN L. BRINTON,

Music Supervisor.

February 2, 1942, Keene, New Hampshire.

REPORT OF SCHOOL NURSE

Year of 1941

I hereby submit my annual report on school nursing.

There were 399 visits made to the various schools during the past year. An effort is made to visit each elementary school every day because it has been found that it is much easier to control diseases or illnesses that might occur among the school children by checking the attendance every day. During the past year, there was no real epidemic of any communicable disease although there were a few scattered cases of chicken pox, measles, mumps and whooping cough. These daily visits to the schools include classroom and individual inspection of the students, treatment of minor injuries and skin diseases, and health supervision.

The annual physical examination of school children was started soon after the opening of school in the Fall. This year the school health work was divided between the two local physicians, Dr. Louvane A. Fox examining and taking care of the elementary school children, and Dr. Ludwig Mendelson examining and taking care of the high school students during the year. Again this year the most outstanding defect among all of the students is that of defective teeth. Efforts have been made to conduct a dental clinic but it is impossible to secure a dentist for such a clinic.

Last year the children were able to have milk at school through funds raised by the District Nursing Association thus providing milk for needy children. This Fall an average of 150 children have been taking milk at school, including both elementary and high school students. Pasteurized milk is delivered to the schools by the Wheeler and Taylor Dairy of Keene and the children may have chocolate, strawberry or plain milk.

During the year there were several cases of impetigo, scabies, and pediculosis. These children were excluded from school until the condition was cleared up.

The local welfare committee was again very cooperative in obtaining clothing for needy children and this was always much appreciated.

Clinics for correction of defects:

Tonsil and adenoid clinic, Dr. Eades and Dr. Ford,	
Elliot Community hospital, Keene,	9
Orthopedic clinic, Elliot Communit hospital,	
Dr. MacAusland,	4
Eye clinic, Dr. Eades,	12
Children taken to school physician,	28
Children taken to dentist, Dr. King and Dr. Whittaker,	5
Tuberculosis clinic, Dr. Kerr,	6
Total number of parent consultations, home visits,	107
Total number of students treated in school,	511

It is most gratifying to work with the school children and teachers because they are very appreciative and cooperative.

At this time, I wish to thank the Superintendent of Schools, the School Board, the teachers, parents, and the community for their cooperation and assistance in promoting the health of the school children.

Respectfully submitted,

BARBARA L. GILMAN, R. N.
